

ZGC Forum

Welcome to the ZGC Forum

Are you ready to be at the forefront of global innovation? We are thrilled to extend a warm invitation to the ZGC Forum Annual Conference, a premier international innovation event held in Beijing, China, in late March 2026. This conference is not just an event; it's a pivotal platform where global leaders, visionaries, and innovators converge to explore the frontiers of science and technology, shape future industrial trends, and forge collaborations that will define tomorrow's world.

About ZGC Forum

Since its inception in 2007, the ZGC Forum has grown into a premier state-level platform for global innovation dialogues and partnerships, consistently advancing the theme of "Innovation and Development." As a government-initiated forum, it brings together the brightest minds from academia, business, and politics, including Nobel Prize, Turing Award, and Fields Medal laureates, to engage in discussions that drive high-tech innovation and accelerate the growth of the science and technology industry. The CPC Central Committee has recognized the forum's strategic importance, establishing it as a national platform to promote global exchanges and cooperation in high-tech innovation. Elevated to a national hub for international collaboration in 2021, the ZGC Forum is where groundbreaking ideas emerge and transformative partnerships are forged, making it an unmissable venue for shaping the future of innovation.

Prestigious Hosts

The ZGC Forum Annual Conference is proudly hosted by a distinguished consortium of Chinese governmental and academic institutions, underscoring its national importance and global reach:

- The Ministry of Science and Technology of China
- The National Development and Reform Commission
- The State-owned Assets Supervision and Administration Commission of the State Council
- The Chinese Academy of Sciences
